Vote for J. T. Wallace for Jailer.  
No better man can be found for the place.

Uncle Tom Wallace would suit the Jailer's place to a T. Vote for and try him and you will see.

Bishop Potter says "It is safer to think than to speak." Quite true. But it is so much harder work for some people.

One argument in favor of the new two-cent rate law is that it brings so many more of your kindfolks to see you—and a heap oftener, too.

Mr. Carnegie says he hasn't voted in the last twenty years. Then he certainly has no cause to kick if the Government isn't being conducted to suit him.

The San Francisco Call refers to Vice President Fairbanks as "John Warren Fairbanks." Anyhow, that is quite as funny and a great deal more original than "Mr. Icebanks."

Mark-Twain declined to steer the President down the Mississippi. It is a little hard to determine whether this was a plain case of snub or that Mark has heard something of the difficulties attending attempts to steer Mr. Roosevelt.

The voters of Ohio county should not forget the speech of Hon. J. Morgan Chinn at the court house in Hartford next Monday afternoon. The ladies especially are invited to hear the temperance issue presented. Mr. Chinn is a captivating and forceful speaker and has a message for the people. Hear him.

Hon. W. J. Bryan will speak in Owensboro next Monday, October 7. It has been two years more than a decade since Mr. Bryan made a political speech in Owensboro, and during that time he has grown both in prestige and popularity. He speaks in behalf of the Democratic State Ticket. He will no doubt be given a great and enthusiastic crowd, as benefits the mission and the occasion.

President Roosevelt will go into the canyons of Louisiana the latter part of this week for a two weeks' hunt. Trails have been beaten out, game stalked and big preparations made that Mr. Roosevelt shall not lack for something to shoot at. Sounds very much like the kingly hunts of foreign countries, where thousands of wild animals are helplessly cornered and needlessly slaughtered in the name of sport.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

**Husband—**Positively you do nothing but spend money. First you make me take a box at the theater, then you drag me to supper, and now, to complete the extravagance, you want a cab. I ask you seriously, Where is this going to lead? Wife—Home, darling.—Rire.

## Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Purgative substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

## DRIVEN AWAY BY TAXATION

Very Large Capital Withdrawn From Kentucky.

The Case of the Walsh Estate in Lexington Points Out a Dangerous Result of Our Tax System.

The manner in which the tax system of Kentucky may seriously affect its business interests was recently given a very striking demonstration in Lexington. The estate of Mrs. Clara Bell Walsh, amounting to about \$750,000, had been for many years managed by the Security Trust company of Lexington, as trustee. A petition was filed recently in the Fayette circuit court, asking the court to terminate the trusteeship, so that Mrs. Walsh might put her property in the hands of a trust company in St. Louis. The Security Trust company, which had been acting as trustee, did not oppose this suit, it being distinctly stated in the petition of Mrs. Walsh that the services of the trust company had been in every way satisfactory, but that the taxes imposed upon her property were too burdensome.

The peculiar feature of the case lies in the fact that Mrs. Walsh, herself, resides in St. Louis and, therefore, claims that her personal property should not be taxed at Lexington in the hands of her trustee. The court of appeals having held otherwise, and Mrs. Walsh, not feeling justified in paying a tax rate of \$2.70 on the stocks, bonds and other investments in the hands of the Kentucky trustee, since she could not derive any possible good from the payment of this tax, decided to remove the property to the state of her residence.

A considerable part of the estate was invested in local securities—the bonds of local corporations and real estate mortgages. This will mean that the money will gradually be withdrawn from investment in these local securities and reinvested by the St. Louis trustee in other securities, thus constituting a loss of that much money to enterprises in and around Lexington and Fayette county. It means just that much greater scarcity of needed capital.

The Lexington Herald has been, with great energy and skill, showing the result of this sort of taxation on the business interests of the state. It points out, among other things, the inconsistency in the decisions of our courts, which hold that a man who lives in one Kentucky county and has intangible personal property, such as stocks, bonds, or money, in the hands of a trustee in another county of Kentucky, must pay the tax in the county of his residence and not in the county where the trustee resides; but if the owner of the property moves entirely out of the state, then he must pay a tax in the county where the trustee resides, as well as pay the tax in the state where he takes up his new residence, thus constituting double taxation.

**Consumed With Taxation.**  
In her petition asking for the change in trusteeship Mrs. Walsh says: "Plaintiffs desire, if said Clara Bell Walsh be not entitled to a discharge of the trustee, that there be a change in the person of said trustee, and if it can be done that the funds and property in trust be transferred to a trustee duly qualified under and resident in the state of Missouri, where they have their home. Plaintiffs state that the reasons why a change of trustee is desired do not in any manner relate to the conduct or fidelity of said trustee, but are on account of the heavy burdens of taxation imposed on said estate by reason of the residence of the trustee in a state and city different from the home of the beneficiary."

**Court of Appeals Decision.**  
The Herald adds the following fact as to the case. "Under this decision of the court, Mrs. Walsh's personal property in the hands of the Security Trust company would be liable for city, state and county taxes here; and realizing that she, a non-resident of the state, could derive no possible benefit from taxes paid to the city on her personal property, Mrs. Walsh takes this means of getting possession of her property. The removal of the estate to another state is a powerful argument against the wisdom of the system of taxation in force in Kentucky; for though the investments made by the trustee in local securities are so safe and highly regarded as to be retained, yet when a reinvestment is made it is likely that a large portion of the funds will be invested elsewhere, thus depriving this community and state of so much badly needed capital for its progress and development."

**Poverty or Perjury.**  
"A prominent attorney of this city, in discussing before the Taxation Committee of the Kentucky senate in 1905 the tax system of our state, denounced our personal property tax as necessarily leading either to poverty or perjury. We do not know whether any statistics on the subject are available, but we think it a safe guess that at least three-fourths of all the intangible personal property, such as bonds, notes, and cash, which is assessed for taxation in Kentucky, is in the hands of fiduciaries. Is it a fair and manly thing to place upon those least able to bear it nearly all the burden of such a tax?"
